PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS & DOMESTIC ANIMALS
CAUTION

Harmful if swallowed. Causes moderate eye irritation. Avoid contact with eyes or clothing. Avoid breathing dust. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash clothing before reuse. If Swallowed: Call a physician immediately. Drink one or two glasses of water and induce vomiting by touching back of throat with finger. Do not give anything by mouth to an unconscious or convulsing person. If Inhaled: Remove person to fresh air. If not breathing, give artificial respiration, preferably mouth to mouth. Contact a physician if warranted. If On Skin or In Eyes: Flush with plenty of water. Contact a physician if irritation persists. This product is a ready-to-use, weather resistant bait for the control of Ants, Cockroaches, Crickets, and Silverfish including: ANTS: Argentine, Carpenter, Fire, Thief, Pharaoh, Ghost, Little Black, Pavement, Odorous House and Crazy Ants. COCKROACHES: Asian, American, Brown, Brown Banded, Smokey Brown, German and Oriental Cockroaches. CRICKETS: Camel, House and Field Crickets.

DIRECTIONS FOR USE:

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

APPLICATION INSTRUCTIONS

FOR THE CONTROL OF ANTS, COCKROACHES AND CRICKETS ON LAWNS, ORNAMENTAL TURF, PLAYING FIELDS AND PARKS : Use a mechanical spreader to apply bait evenly to affected area at the rate of 2 pounds per 1,000 square feet (3.2 ounces or 2/3 cup or 6 ready-to-use bait stations per 100 square feet) or 90 pounds per acre.

EXTERIOR BAITING FOR THE CONTROL OF ANTS, INCLUDING CARPENTER ANTS AROUND HOMES AND OTHER STRUCTURES: Treat exterior perimeter areas of structure in a band at least 2 to 4 feet wide at a rate of 6 ounces or 12 ready-to-use bait stations per 100 square feet. Also apply product in a 2 to 4 foot band around all trees, stumps, firewood piles and other locations where carpenter ants may nest. If the nest is located in a hollow tree or stump, apply 1/2 to 1 ounce of product directly into the cavity. Apply along ant trails and in areas where ant activity has been noted.

FOR THE CONTROL OF ANTS, COCKROACHES, CRICKETS, AND SILVERFISH IN AND AROUND HOMES, HOTELS, APARTMENT BUILDINGS, STORES AND RESTAURANTS (NON-FOOD AREAS) WAREHOUSES AND SEWERS: For interior applications – Apply at a rate of 4 pounds per 1,000 square feet (6 ounces or 1.25 cups or 12 ready-to-use bait stations per 100 square feet) of surface area. Spread evenly in crawl spaces, attics, drop ceilings and cellars with dirt or gravel floors. In attics, be sure to apply in eaves and access drains. In warehouses, factories, garages and basements, concentrate application along walls and baseboards. Concentrate application in areas where insect activity is most prevalent. Apply in inaccessible areas such as cracks and crevices where insects may

hide. Reapply as necessary. Apply in pits of elevator, dumbwaiter and trash chute shafts. Apply under and behind pallets and boxes in storerooms. Bait may also be placed in removable trays in areas accessible to insects but away from children and pets. Always record the location and number of bait stations. In sewers, apply along ledges and around manhole entrances. Treat exterior perimeter building walls in a band approximately 2 feet wide and scatter bait in flower beds, leaf litter, wood piles, trash cans and refuse areas.

For treating new construction: Apply in wall voids and other areas where insects may hide.

FOR PERIMETER TREATMENTS:

Spread bait at a rate of 6 ounces or 1.25 cups or 12 ready-to-use bait stations per 100 square feet in a band at least 2 feet wide around foundations, patios, driveways, sidewalks, entrances to homes and buildings or other areas where insects are present. Apply around landscape, floodlights, street lamps or other exterior fixtures and scatter bait in flower beds, leaf litter, wood piles, trash cans and refuse areas. Reapply as necessary.

FOR TREATING ANT MOUNDS:

Apply 1/2 to 1 ounce (1-2 ready-to-use bait stations) of this product around all ant mounds. Supplement by broadcast application in immediate area and along ant trails and in areas where ant activity has been noted. **TO CONTROL ANTS, COCKROACHES, CRICKETS AND SILVERFISH IN:** Non-food areas of handling establishments, homes, restaurants, markets, schools, warehouses, factories, detention facilities, offices, hotels, motels, hospitals, nursing homes, garages, grocery stores, apartment buildings, new construction, industrial plants, theaters, ships, boats, trains, trucks, yachts, camps, mobile homes, buses, pet stores, zoos, kennels, military bases, utilities and sewers: Do not use in food/feed areas of food/feed handling establishments, restaurants or other areas where food is commercially prepared or processed. Do not use in serving areas while food/feed is exposed or facility is in operation. Serving areas are areas where prepared food/feed are served such as dining rooms but excluding areas where foods may be prepared or held. In the home all food processing surfaces and utensils should be covered during treatment or thoroughly washed before use. Non-food/non-feed areas are areas such as garbage rooms, lavatories, floor drains, sewers, entries and vestibules, offices, locker rooms, machine room, boiler rooms, garages, mop closets and storage (after canning or bottling). Apply only in areas inaccessible to children and pets. Avoid contamination of feed and foodstuffs. Apply liberally, scattering/dusting under and behind refrigerator, cooler, stove, sink, dishwasher, washing machine and dryer, tubs; counters; into openings around drains, water pipes and electrical conduits; and in cracks and crevices along baseboards.

It is recommended that bait be placed in removable trays and/or ready-to-use bait stations. Always record the number and location of bait stations. This product is designed to be used as a residual treatment in an Integrated Pest Management program incorporating good sanitation practices.

This product may be applied in appropriate areas with a power duster. Consult equipment manufacturer for recommended settings.

WARRANTY LIMITATIONS AND DISCLAIMER

Because of varying conditions affecting use and application, manufacturer warns buyer that these may impair or vary the results or effects of the use of this product. Neither the manufacturer nor seller shall be liable in respect to any injury or damage suffered by reason of the use of this product for a purpose not indicated by the label or when used contrary to the directions or instructions hereon nor with respect to breach of any warranty not expressly specified herein. Buyer accepts this material subject to these terms and assumes all risk of usage and handling except when used or handled in accordance with this label.

STORAGE & DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

STORAGE: Store in dry place. Do not store where children or animals may gain access.

PESTICIDE DISPOSAL: Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

CONTAINER DISPOSAL: Completely empty container into application equipment. Then dispose of empty container in a sanitary landfill or by incineration, or, if allowed by State and local authorities, by burning. If burned, stay out of smoke.
