

PRENBAY™ 1% OIL SOLUTION CONTAINS 1% PROPOXUR
 FOR COMMERCIAL, INDUSTRIAL AND INSTITUTIONAL USE ONLY - NOT FOR HOMEOWNER USE

ACTIVE INGREDIENT:

Propoxur (2-Isopropoxyphenyl methylcarbamate)..... 1.0%

INERT INGREDIENTS:** 99.0%

TOTAL 100.0%

**Contains Xylene Range Aromatic Solvent and Petroleum Distillates

PRENTOX® - Registered Trademark of Prentiss Incorporated

PRENBAY™ - Trademark of Prentiss Incorporated

EPA REG. NO. 655-546

EPA EST. NO. 655-GA-1

KEEP OUT OF REACH OF CHILDREN

CAUTION

STATEMENT OF PRACTICAL TREATMENT

If swallowed — Contains Petroleum Distillate. DO NOT INDUCE VOMITING. Get immediate medical attention. **If on skin** — Wash immediately with soap and warm water. Wash hands, arms and face thoroughly with soap and warm water before eating or smoking. Wash all contaminated clothing with soap and hot water before re-use. **If in eyes** — Flush with plenty of water. Get medical attention if irritation persists. **TO PHYSICIAN** — Atropine Sulfate is antidotal. This product is a cholinesterase inhibitor.

**PRECAUTIONARY STATEMENTS
 HAZARDS TO HUMANS & DOMESTIC ANIMALS**

CAUTION

Harmful if swallowed, inhaled or absorbed through skin. Do not get in eyes, on skin or clothing. Do not spray animals. Wear chemical resistant gloves while applying this product.

ENVIRONMENTAL HAZARDS

This product is toxic to fish, birds and other wildlife. Do not contaminate water by cleaning equipment or disposal of equipment washwaters. Do not apply directly to water, or to areas where surface water is present or to intertidal areas below the mean high water mark.

Manufactured by:

PRENTISS INCORPORATED

Plant: Kaolin Road, Sandersville, GA 31082

Office: C.B. 2000, Floral Park, NY 11002-2000

DIRECTIONS FOR USE: It is a violation of Federal law to use this product in a manner inconsistent with its label. Do not apply this product using a trigger pump sprayer.

INDOORS:

Pest control in and around homes, apartment buildings, stores and warehouses: For residual control of ants, cockroaches, millipedes, silverfish, spiders, waterbugs and to aid in control of saw-toothed grain beetles (exposed stages), apply as a coarse spray to cracks and crevices, along baseboards, to door and window sills, as well as inaccessible areas, behind stoves, refrigerators, around garbage cans, compactors and utility installations. **DO NOT spray open floor areas, carpets, furniture, beds or bedding.** For ants, spray trails and places where ants enter premises. Repeat as necessary. Do not treat foodstuffs, or house plants. **DO NOT USE AS A SPACE SPRAY. PROVIDE ADEQUATE VENTILATION OF AREA BEING TREATED.**

OUTDOORS: DO NOT USE AS A SPACE SPRAY.

For residual control of insects around industrial buildings, homes, garbage areas and dumps: As a residual spray for ants, brown dog ticks, clover mites, cockroaches, crickets, earwigs, fleas, flies, millipedes, mosquitoes, scorpions, sowbugs, spiders and waterbugs, apply as a residual spray to surfaces of buildings, porches, screens, window frames, patios and garages, where these insects congregate. Repeat as necessary. Do not treat plants (lawns, flowering plants, trees and shrubs, etc.) as damage will occur.

For control of hornets and wasps, apply to nests under eaves, or in ornamental plantings and retainer walls, as a coarse residual and or pin stream spray only. Application should be made in late evening when insects are at rest. Repeat as necessary. Do not treat plants (lawns, flowering plants, trees and shrubs, etc.) as damage will occur.

FOR USE IN THE INEDIBLE PRODUCT AREAS OF MEAT PACKING AND FOOD PROCESSING PLANTS.

Any exposed food products, equipment or packing materials must be removed or covered before spraying. Equipment and utensils in Federally inspected meat and poultry plants must be washed with an acceptable detergent solution and rinsed with potable water to remove all traces of contamination. Treat food processing plants early in the season before canning or other processing begins. Repeat applications, if necessary, when plant is not in operation. For residual control of ants, cockroaches, millipedes, silverfish, spiders, waterbugs, and to aid in control of saw-toothed grain beetle (exposed stage).

NON-FOOD AREAS: Includes garbage rooms, lavatories, floor drains (to sewers), entries and vestibules, offices, locker rooms, machine rooms, boiler rooms, garages, mop closets and storage (after canning or bottling). Apply to baseboard areas, around water pipes, surfaces behind and beneath sinks, lockers, tables, pallets and similar areas where insects hide or through which they may enter. **SPRAYING UNLOADING DOCKS AND OUTSIDE AREAS WHERE INSECTS** congregate will aid in preventing reinfestations. Good sanitation and proper disposal of wastes is essential in any effective insect control program.

FOOD AREAS — APPLICATION LIMITED TO CRACK AND CREVICE TREATMENT ONLY — Includes areas for receiving, storage, packing (canning, bottling, wrapping, boxing), preparing edible waste storage and enclosed processing systems (mills, dairies, edible oils, syrups). Serving Areas (when food is exposed and facility is in operation, also would be considered a food area). Apply solution in small amounts directly into cracks and crevices, using equipment capable of delivering a pin stream of insecticide in points between different elements of construction, between equipment and floors, openings leading to voids and hollow spaces in walls, equipment legs and bases where Resistant and Non-Resistant Cockroaches (Waterbugs), Ants, Spiders, Silverfish hide.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal. Open dumping is prohibited.

STORAGE: If container is damaged: Stop any leaks by repositioning the container or by patching or otherwise repairing the leaks. Take care to avoid contact with pesticide and wear protective gear. On cleanup of spilled liquids, wear protective equipment as required to prevent contact with the product or its vapors. Cover the spilled areas with generous amounts of absorbent material, such as clay, diatomaceous earth, sand or sawdust. Sweep the contaminated absorbent on to a shovel and put the sweepings into a salvage drum. Dispose of wastes as below. Place any leaking container into a similar drum or glass container. Do not store, use, pour, or spill near heat or open flame. Do not store in car trunk where temperatures may exceed 120° F.

PESTICIDE DISPOSAL: Pesticide wastes are toxic. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

CONTAINER DISPOSAL, PLASTIC CONTAINERS: Triple rinse (or equivalent). Puncture and dispose of in a sanitary landfill, or incineration, or, if allowed by State and local authorities, by burning. If burned, stay out of smoke.

METAL: Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by other procedures approved by State and local authorities.
